

National Poll on Children's Health

Presidential Candidates – Survey Questions

Questions were answered by adults age 18 and older.

Q1. From the list of child health policy issues below, please choose up to three health issues that YOU think should be the TOP health priorities for children (up to 18 years old) that the presidential candidates should address.

1. Access to mental health services for children
2. Alcohol, smoking and substance abuse among children
3. Child abuse and neglect
4. Child nutrition, hunger and obesity
5. Gun-related injuries among children
6. Health effects of poverty on children
7. Research about childhood diseases
8. Teen pregnancy
