Q1. Has your teen received information about being an organ donor?

1. Yes
2. No
3. Don't know

Q2. Is your teen registered as an organ donor?

1. Yes
2. No
3. Don't know

Q3. Would you encourage your teen to be an organ donor?

1. Yes
2. No
3. Don't know

The following questions were answered by parents of children age 0-14.

Q4. Would you like to learn about how your child could be registered as an organ donor?

1. Yes
2. No
3. Unsure

Q5. From what sources would you like to hear about options for registering your child as an organ donor?

1. Child's primary care provider
2. Local hospital
3. Clergy/place of worship
4. An organ donation organization

Q6. What do you think are the benefits of having your child registered as an organ donor?

	Major benefit	Minor benefit	No benefit
1. Making my preferences known in advance			
2. Opportunity for my child to help other children			
3. Increasing the number of child-sized organs available for transplant			

Q7. What are your concerns about having your child registered as an organ donor?

	Major concern	Minor concern	Not a concern
1. Don't know if I could decide which of my child's organs would be used			
2. Cost to have organs removed			
3. My child might not get all treatment options in a life-threatening situation			
4. Keeping my child alive for organ donation would make my child suffer more			
5. My religion does not support organ donation			
6. Just don't like to think about it			

Participants were also asked demographic questions on gender, race/ethnicity, annual household income, education and insurance status.
