

## H1N1 Vaccination —Survey questions

*In 2009, a new type of influenza, called H1N1 or “swine” flu, spread to over 70 countries around the world, including the United States.*

*This flu season a new vaccine against H1N1 influenza was made available to the public. There are two forms of the H1N1 flu vaccine – as the flu shot (injection) or as a nasal spray.*

Q1. Did you get the H1N1flu vaccine?

- Yes, H1N1 flu shot.....1
- Yes, H1N1 flu nasal spray.....2
- Tried to but couldn't get it.....3
- No.....4

[If Q1 = 1 or 2]

Q1a. Where did you get the H1N1 vaccine?

- In city, county or state health department vaccination clinics
- In school vaccination clinics
- At a doctor's office (private office, community health center or hospital clinics)
- In other places, such as pharmacies, grocery stores, retail clinics and workplace clinics

[IF PARENT AND HAS CHILD AGE 1 OR OLDER, SHOW AGE OF YOUNGEST CHILD AT LEAST 1 YEAR OLD]

*This next set of questions is about your [insert age of youngest child 1 or older] YEAR OLD CHILD and the H1N1 vaccine.*

Q2. Did your [INSERT AGE OF YOUNGEST CHILD] year old child get the H1N1 flu vaccine?

- Yes, H1N1 flu shot.....1
- Yes, H1N1 flu nasal spray.....2
- Tried to but couldn't get it.....3
- No.....4

[If Q2 = 1 or 2]

Q2a. Where did your [INSERT AGE OF YOUNGEST CHILD] year old child get the H1N1 vaccine? *(select one)*
