

## National Poll on Children's Health

# Hearing Loss - Survey Questions

Questions answered by parents with a teenager age 13-17.

*This next set of questions asks about things that may cause hearing loss in teenagers. Please answer these questions for your **[x-year-old]** child.*

Q1. Have you recently (within the past 2 years) talked with your teenager about hearing problems related to excessive noise?

- Yes
- No

[If Q1 =Yes, then Q3]

Q2. What prompted the conversation?  
(Select all that apply.)

- Personal experience
- Something I read
- Something I saw on television
- Something I saw on the Internet
- Conversation with a medical professional
- My teenager brought it up
- My teenage plays music too loudly

[If Q1 =No, then Q3]

Q3. Why not?  
(Select all that apply.)

- My teenager is not at risk for hearing loss
- I feel there are other more pressing issues to address with my teenager
- I would not know how to discuss this
- My teenager is unlikely to listen to me

Q4. Were you aware that volume limiting headphones and earbuds are available to prevent the listener from turning up the volume to potentially damaging noise levels?

Yes

No

Q5. The average price for volume limiting headphones and earbuds is \$15-\$30. How likely would you be to purchase such a device?

Very unlikely

Unlikely

Neutral

Likely

Very likely

Q6. How willing would your teenager be to use volume limiting headphones?

Very unwilling

Unwilling

Neutral

Willing

Very willing
